NOTES

- Forma was designed by Italian architect Claudio Bellini.
- With modern and pleasant lines, it's inspired by the urban style and it's characterized by the welt that enhances the side profile.
- The sofa gives a touch of design also in small spaces. In version two-seater with chaise longue Forma becomes a real bed.
- To allow modularity, the single elements can be put together thanks to the rubber stops under the legs.
- Model is available with contrast welt (or any another decorative detail such as a band under arm cushion) to be entered as second covering in the same category.
- Seat cushion includes a layer of memory foam, a pressure-sensitive soft polyurethane, that recovers its form completely thus giving great comfort.
- Second option versions have memory foam and back cushion height is 2 cm more than standard versions
- Tight Seat Cushion (the seat cushions of the models are fixed to the frame)
- Tight Back Cushion (the back cushions of the models are fixed to the frame)
- With Leather Side (the sectional pieces come with leather sides)
- Wood Frame
- Without Feet Assembled (the feet will be in a bag inside the package)
- Plastic Wrap (the model will be wrapped in a plastic bag)
- Feet height 5,0 cm
